

CS 1510 Digital Workgroup Copier/Printer

The Kyocera Mita KM-1510. Compact. Versatile. Connectable. Economical. Copy...Print...Both. Whatever you need, the KM-1510 delivers results with outstanding 600 dpi output quality and speedy performance in one economic unit. Quickly scan Letter and Legal Size Originals using the Standard Document Processor. With its short paper path, the KM-1510 delivers your first copy in just 6.3 Seconds and a brisk 15 Letter Size, 13 Legal Size Copies Per Minute thereafter*. Produce 100,000 images before any scheduled maintenance. All you do is add toner. Electronically Sort output and enable Digital Effects with Optional Memory. Connect to your Windows™, Novell™ and Mac™ Network with the Optional Print Controller and Network Interface Card. Our Standard Print Monitoring Software makes network management a snap. The KM-1510 will be a welcomed addition to any small company or workgroup looking to increase office productivity and efficiency at an affordable cost.
